2:00 - 3:00 pm (ET)

Speaker

- Neil Pitt, Lead Business Analyst, AAMVA

[About this Webinar](#)

The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

[About this Webinar](#)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

[About this Webinar](#)

Before a jurisdiction issues a title or other ownership document or record, the SWI can provide information to help the jurisdiction determine whether the ownership documentation presented with the application are valid. The information supports jurisdictions' titling processes for both new and used vehicles. The Anti-Car Theft Act requires each jurisdiction to perform an instant title verification check before issuing a title to an applicant claiming to have purchased the vehicle from an individual or entity in another jurisdiction. The SWI VIN search feature can be used to satisfy this legal requirement. In addition, the NMVTIS best practice is that jurisdictions perform an inquiry before issuing a title or other ownership document or record, whether or not the applicant claims to have purchased the vehicle in another jurisdiction.

The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

[About this Webinar](#)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

[About this Webinar](#)

Before a jurisdiction issues a title or other ownership document or record, the SWI can provide information to help the jurisdiction determine whether the ownership documentation presented with the application are valid. The information supports jurisdictions' titling processes for both new and used vehicles. The Anti-Car Theft Act requires each jurisdiction to perform an instant title verification check before issuing a title to an applicant claiming to have purchased the vehicle from an individual or entity in another jurisdiction. The SWI VIN search feature can be used to satisfy this legal requirement. In addition, the NMVTIS best practice is that jurisdictions perform an inquiry before issuing a title or other ownership document or record, whether or not the applicant claims to have purchased the vehicle in another jurisdiction.

Hi Tony,

Thank you!

Is the test plan for DC going to essentially be the same as the one for WY, only substituting DC for WY? And will I be given contact phone numbers for both states?

Hi Mina,

I will be setting up Go to meetings with both WY and DC for Sunday, Jan 29th. Siri and myself from the QA team will be on the Call that day, we will coordinate the testing activities on Sunday. Both WY and DC will be on the call as well for the testing.

There is a similar test plan (not exactly the same) for DC testing as well. I will be sending that over today.

In addition, I have a meeting scheduled for Monday between you and WY so we can execute the Post Implementation test cases as a dry run in the TEST environment so it gives you an opportunity to resolve any issues that may arise and also ensure you are able to perform all the tests laid out in the test plan without any issues so that there is no confusion on the Production testing day.

Similarly, I will set up a meeting with DC (waiting for a time slot from them) early next week to execute the tests in TEST environment.

Please let me know if you have any questions.

Thank you.

Admin Call ...

R-IV Chief Administrator Call Highlights

January 17, 2017

Participants: Roger Grove (AB), Chris Caras (UT), Shannon Ratliff (WHP), Jean Shiimoto (CA), Esmeralda Falat (CHP), Alan Frew (ID), Lito Vila (HI), Amy Smith (ID), Tom McClellan (OR), Marla Thompson (AK), Mike Dixon (CO), Pat Kohler (WA), Julie Knittle (WA), Will Duran (NM), Anne Ferro, Ian Grossman, and Sheila Prior (AAMVA)

Workshop Travel Grant – Sheila advised that the Region IV Board has approved travel funding for the upcoming Workshop and Law Institute. Information was sent to chief administrators about two weeks ago. Applications for funding assistance should be provided to Sheila by February 6. Those requesting travel funding should NOT register for the conference until they receive a response to their application.

Region IV Travel Grant Funding History – Pat asked Sheila to provide a summary of travel grant funding provided by the Region. Sheila said that since 2011 the Region has made more than \$300,000 available to Region IV members to attend the Region IV conference, the Workshop and for two years, the AIC.

Uber and California – Jean said California advised Uber of the state's requirements for testing. Uber replied that they don't fit the technology criteria to need a permit. The DMV advised Uber to discontinue operating until they received the appropriate permits/licenses. Uber did not comply and DMV cancelled registration of the vehicles as they were improperly registered. Uber then opted to move their testing to Arizona. The DMV has reached out to Uber in the hopes of finding a middle ground. DMV staff has met with Uber and Otto on their commercial vehicle plans and hope to learn their intentions. Discussions continue.

Autonomous Vehicles - Jean advised that she's participating on a panel discussion on autonomous vehicles at an upcoming Washington Automobile Dealers Association conference. She's also presenting at two sessions at the AASHTO conference.

Ignition Interlock Program – California is implementing IID statewide. Four county pilot underway now. Delayed date offered to January 2019 as it's a heavy programming lift for the DMV. Three sets of regulations will be required. Will keep group up to date as program implementation progresses.

Recreational Marijuana and Driving - California legislators came back to work January 3 and have introduced a bill to make it illegal to smoke marijuana while driving. Some of the recreational marijuana legislation is not effective until January 2018 and there are concerns that people don't realize it is illegal to drive while smoking marijuana. DMV will monitor bill. CHP is specifically named in the recreational marijuana law and for them it is business as usual until something changes. Those caught while driving under the influence of marijuana will be ticketed.

Pat said that Washington's highway safety office has released a number of public service/safety announcements / commercials about marijuana and driving to help spread the word on what's legal.

Washington Implied Consent Decision – The McNeely ruling required warrants for all breath test cases. Numerous court cases were initiated in Washington to test the limits of that decision. A District Court concluded a warrant was required in the King case. Case went to Supreme Court. Ruling issued in December reasoned that no warrant is required for a breath test. They said that the right to a breath test is not a constitutional right and refusal to submit can be held against a person criminally.

Alaska and DUIs – Alaska's legislature is considering eliminating the administrative DUI process and allowing the criminal process to rule. Marla asked if anyone has had similar legislation. Mike said this came up in Colorado last week and would require massive statute revision.

Real ID – Pat advised that Steve Yonkers with DHS advised at last week's Board meeting that State to State is a requirement of Real ID. Mike asked how DHS can change the rules in the middle of the game. Anne said DHS has not officially put this requirement in writing. They've advised two states (CA & VA) of the requirement in a letter. It appears that a jurisdiction simply setting a date to begin participation in S2S is sufficient. Chris asked if the requirement would be retroactive for those who have already been deemed compliant. Pat said her understanding is that DHS will be reauditing states. Will said New Mexico was asked about their timeframe to join S2S in their application package. They provided it and were deemed compliant. Steve left the impression with the Board that DHS is open to additional extensions. Pat said Real ID bills are being heard in both houses in Washington this week. DOL has requested an extension to June and believe DHS will grant their request.

Will said NM lawmakers are opposed to the document requirements for a person's changing name, e.g., the woman who's been married multiple times must provide all of her marriage licenses and divorce decrees. Chris said Utah had a similar issue and it took about a year and a half to die down.

Next Call – The next call of the group is scheduled for February 21 at 11:00 a.m. Mountain.

Hi Mindy,

I had thought we could update the UNI Site table for new messages without a complete UNI upgrade, but you're right, it doesn't allow it. That being the case, it'll be a pain either way, so yes, it's less of an impact than I originally thought. However, I still believe adding a new application would entail more work than simply using a current one.

For example, we have a number of programs that verify the application, and then respond based on what that application is. This is required because we have a different set of logic for HG/HB responses on PDPS than on CDLIS/SPEXS. For PDPS requests we answer everyone, but for CDLIS/SPEXS we only answer if we're the state of record. So with the new application, every inbound-related program would need to be updated, as well as create the message-level logic. Since I just had to change all my '02' logic to '37' to go to SPEXS, I know that many programs would need to be updated.

I still don't see the advantages to creating a new application. Why complicate this further?

Mina and JoLynn,

I appreciate your help with this. A couple things that I wanted to clarify is that for the first transaction MEC Verification Inquiry, App ID -12 (PDPS) would still be used for the Status Request and Response messages. The new application ID would have an impact on states for the MEC Transmission and the MEC Inquiry transactions. States will already have to upgrade UNI to accommodate the new message types as a part of these transactions.

If the states already have to upgrade UNI for NR11, is it still a significant effort to add a new application ID? Based on my understanding of how UNI works, states would have to update their UNI Site table

for all entries that they will participate with on the new application, but I would have to get confirmation from the UNI team. And for Michigan, it could mean something entirely different.

I really do appreciate your feedback, the level of impact to the states is very important to our decision. Andy, feel free to chime in ;)!

Thank you!

Good Morning Mindy,

I sent your question regarding creating a new application ID to our CDL programmer and his response was very similar to Mina's. He would prefer the use of PDPS if CDLIS is problematic rather than creating an entire new application. He noted that the cost impact in terms of programming would be a concern to Michigan, as well.

Thank you,
JoLynn

Hi Mindy,

My 2 cents off the top of my head...

A new application ID would require everyone to reinstall a new UNI version (except JoLynn of course!). I see a lot of pushback on that count alone – having done it recently, it is kind of a PITA. In addition, it raises the question of exactly what messages would be sent...would we no longer be piggybacking on PDPS SG messages?

What is the perceived benefit of doing this? I'm sorry to come off negative, but it sounds to me like a great deal more work on the side of the states, so I'd like to know what the benefit we would see keeping it separate from our current applications. It's true, not everyone will have a CDLIS record, but if using CDLIS is a problem, wouldn't it be better to use PDPS rather than create a whole new application?

Subject: Application ID

Hello Andy, Mina and JoLynn,

I am hoping to run something by you and see what your thoughts are. We are considering the possibility of creating a new Application ID for the NRII changes (CDLIS is app ID – 02, SPEXS is app ID – 37 and PDPS is app ID – 12 etc.). Creating a new Application ID for these changes would help to keep the application separate from CDLIS (NRII transactions will be using CDLIS, but are not necessarily CDLIS transactions). With the new final rules that have been published recently, we thought this would be a good time to think about creating new Application IDs.

Could you give me some feedback from a state's perspective on the level of impact on your side, what would the level of effort be to add a new application ID?

I appreciate your help with this,

Thank you!

Subject: S2S Governance Committee representative, and S2S User Agreement

Nichole,

Some time ago, our CEO (Anne Ferro) sent an email to Alaska asking for two things related to S2S:

1. Nomination of a representative to the State-to-State Governance Committee.
2. Completion of the S2S User Agreement that will apply from 3/1/2017. (The current Agreement technically will not apply as of that date.)

I believe the email went to Marla Thompson, and that you may have received a copy.

Would you perhaps happen to know where Alaska is on either of these topics? We have not heard anything, and I am trying to track down where things may stand at this time.

Thanks,

Loffie

Subject: R-IV Board Volunteers Needed
Attachments: 16-17 R-IV Board List 12-14-16.docx; R-IV Board of Director's Guide 12-16.doc

Hello Region IV Administrators,

On behalf of Regional President Pat Kohler, that the Region IV Board of Directors is looking for two volunteers to serve on the Region IV Board. The Member at Large positions can be filled by either a DMV or LE Administrator or Deputy Administrator. Each position is a two (2) year commitment, with the possibility of moving into the Secretary position and up the leadership chain.

Expectations are to attend two in-person Board meetings a year (*a day and a half meeting usually held in mid-December and a one day meeting immediately preceding the Region IV conference*). In addition, several conference calls are usually held throughout the year. Travel expenses to the Board meetings and the Regional Conference will be covered by the Region.

I've attached a listing of current Board members in case you want to reach out. I've also attached a copy of the Region IV Board of Directors Guide which provides details on expectations of Board members.

I am confident Board members will tell you that they have found serving on the Board to be both an informative and rewarding experience.

If you are interested in volunteering, please reach out to me or to Tom McClellan, Administrator of Oregon's Driver and Motor Vehicle Services, who is serving as Chair of this year's nominations committee. You can reach Tom by email at Thomas.l.mcclellan@odot.state.or.us or (503) 945-5100. We would appreciate hearing from you **no later than February 24**. Telephone interviews will then be scheduled with interested candidates and the nominations committee.

Please let me know if you have questions or need additional information.

Thanks much!

Sheila

1.0 INTRODUCTION

The American Association of Motor Vehicle Administrators is a voluntary, nonprofit, tax exempt, educational organization of state and provincial officials in the United States and Canada, responsible for the administration and enforcement of laws pertaining to the motor vehicle and its use.

The AAMVA's scope of operation encompasses the states of the U.S., the Canadian provinces, and the territories of both countries. Its principle endeavors are:

- Developing model programs in disciplines related to motor vehicle administration, traffic law enforcement, and highway safety, and acting as a repository for specific programs in these disciplines;
- Serving as an information clearinghouse for these same disciplines; and
- Serving as a united voice for these interests and related issues.

The founders wisely perceived that while many problems of motor vehicle administration and police traffic services would be national and international in scope, much of the strength and actual operation of the total organization would depend on continued influence and functioning of regional organizations. Hence, the AAMVA Bylaws provides for four geographical regions. But it is equally apparent that there are many advantages to be gained by maintaining a national/international pattern of operation, designed to contribute to the overall strength of the Association.

For purposes of Regional/International continuity, this guide has been prepared to assist the Region IV, Inc. Board and its Officers in understanding their respective responsibilities and meeting these obligations.

2.0 THE GOVERNING STRUCTURE

The Region IV, Inc. governing body is the Board of Directors composed of the following officers and members:

- President
- Vice-President
- Treasurer
- Secretary
- Immediate Past President
- Two Members at Large representing all jurisdictions in Region IV including the Region Member serving on the International Executive Committee, if not an Officer or At Large Member
- One Law Enforcement Member at Large representing the law enforcement community of Region IV
- Any individual serving on the International Board of Directors, not listed, shall be a Member of the Region IV Board
- AAMVA President and CEO serves an Ex-Officio member of the Board.

Please note the difference in terminology used for the AAMVA International Board. The Executive Committee at the International level is composed of the four officers and the past International Chair only. The Treasurer is a non-voting member of the AAMVA Executive Committee. The Board of Directors is the over all governing body and is composed of the four officers, the four immediate past presidents of the International, and three members from each of the regions.

All Region IV, Inc. officers shall hold office for one year. Their term of office begins and expires at the Region IV, Inc. Annual Meeting held at the Regional Conference.

According to the Region IV Bylaws, the Vice-President shall be nominated for a three (3) year term on the International Board of Directors. The term of an International Board Member begins and ends at the International Conference. Every fourth year, the Region will appoint a member to the International Executive Committee position of Secretary. (See Region IV Inc. Bylaws.)

NOTE: Traditionally, AAMVA Regional Officers “graduate” in succession from the office of Secretary to President. Thus Region IV, Inc. Officers should participate in AAMVA meetings and conferences to prepare themselves to assume the presidency.

3.0 Board Member Expectations

AAMVA Board Meets

The **AAMVA International Board of Directors** held their winter meeting January 11-12 in Orlando, FL, providing direction on strategic AAMVA initiatives such as NMVTIS, S2S, and CSTIMS, and thanking the Financial Sustainability Steering Committee for wrapping up their work that resulted in reduced fees for members. The Board also received briefings from CCMTA, IRP, the Industry Advisory Board and three US government agencies. Embedded in the Board's work last week were discussions about the future, underscored by AAMVA's extensive work on **Automated Vehicle** model state guidelines and the proof of concept underway using AAMVA's **Mobile Driver's License** functional needs whitepaper. Members interested in finding out more about these initiatives can **visit AAMVA's website**.

Non-Commercial Model Driver Testing System (NMDTS)

Now Available

AAMVA's Non-Commercial Model Driver Testing System (NMDTS) is now available! This new resource contains two components: the **AAMVA Model Driver's License Manual** and the **AAMVA Model Mentor Guide**. AAMVA's Model Driver's License Manual is a template to assist jurisdictions as they prepare and publish their own manuals. The information is updated to reflect current laws and necessary information drivers need to understand driving rules and pass their licensing test. AAMVA's Model Mentor Guide offers tips and support to parents and other individuals assisting new drivers in learning and practicing their skills. It offers general guidelines on planning and conducting behind-the-wheel driving experiences with new drivers, as well as the basics of using and driving a vehicle. Visit AAMVA's **Best Practices** page for more information, and to download other best practices and model legislation.

Non-Commercial Model Driver Testing System (NMDTS)

Now Available

AAMVA's Non-Commercial Model Driver Testing System (NMDTS) is now available! This new resource contains two components: the **AAMVA Model Driver's License Manual** and the **AAMVA Model Mentor Guide**. AAMVA's Model Driver's License Manual is a template to assist jurisdictions as they prepare and publish their own manuals. The information is updated to reflect current laws and necessary information drivers need to understand driving rules and pass their licensing test. AAMVA's Model Mentor Guide offers tips and support to parents and other individuals assisting new drivers in learning and practicing their skills. It offers general guidelines on planning and conducting behind-the-wheel driving experiences with new drivers, as well as the basics of using and driving a vehicle. Visit AAMVA's **Best Practices** page for more information, and to download other best practices and model legislation.

AAMVA Board Meets

The **AAMVA International Board of Directors** held their winter meeting January 11-12 in Orlando, FL, providing direction on strategic AAMVA initiatives such as NMVTIS, S2S, and CSTIMS, and thanking the Financial Sustainability Steering Committee for wrapping up their work that resulted in reduced fees for members. The Board also received briefings from CCMTA, IRP, the Industry Advisory Board and three US government agencies. Embedded in the Board's work last week were discussions about the future, underscored by AAMVA's extensive work on **Automated Vehicle** model state guidelines and the proof of concept underway using AAMVA's **Mobile Driver's License** functional needs whitepaper. Members interested in finding out more about these initiatives can **visit AAMVA's website**.

Non-Commercial Model Driver Testing System (NMDTS)

Now Available

AAMVA's Non-Commercial Model Driver Testing System (NMDTS) is now available! This new resource contains two components: the **AAMVA Model Driver's License Manual** and the **AAMVA Model Mentor Guide**. AAMVA's Model Driver's License Manual is a template to assist jurisdictions as they prepare and publish their own manuals. The information is updated to reflect current laws and necessary information drivers need to understand driving rules and pass their licensing test. AAMVA's Model Mentor Guide offers tips and support to parents and other individuals assisting new drivers in learning and practicing their skills. It offers general guidelines on planning and conducting behind-the-wheel driving experiences with new drivers, as well as the basics of using and driving a vehicle. Visit AAMVA's **Best Practices** page for more information, and to download other best practices and model legislation.

AAMVA Board Meets

The **AAMVA International Board of Directors** held their winter meeting January 11-12 in Orlando, FL, providing direction on strategic AAMVA initiatives such as NMVTIS, S2S, and CSTIMS, and thanking the Financial Sustainability Steering Committee for wrapping up their work that resulted in reduced fees for members. The Board also received briefings from CCMTA, IRP, the Industry Advisory Board and three US government agencies. Embedded in the Board's work last week were discussions about the future, underscored by AAMVA's extensive work on **Automated Vehicle** model state guidelines and the proof of concept underway using AAMVA's **Mobile Driver's License** functional needs whitepaper. Members interested in finding out more about these initiatives can **visit AAMVA's website**.

Non-Commercial Model Driver Testing System (NMDTS)

Now Available

AAMVA's Non-Commercial Model Driver Testing System (NMDTS) is now available! This new resource contains two components: the **AAMVA Model Driver's License Manual** and the **AAMVA Model Mentor Guide**. AAMVA's Model Driver's License Manual is a template to assist jurisdictions as they prepare and publish their own manuals. The information is updated to reflect current laws and necessary information drivers need to understand driving rules and pass their licensing test. AAMVA's Model Mentor Guide offers tips and support to parents and other individuals assisting new drivers in learning and practicing their skills. It offers general guidelines on planning and conducting behind-the-wheel driving experiences with new drivers, as well as the basics of using and driving a vehicle. Visit AAMVA's **Best Practices** page for more information, and to download other best practices and model legislation.

AAMVA Board Meets

The **AAMVA International Board of Directors** held their winter meeting January 11-12 in Orlando, FL, providing direction on strategic AAMVA initiatives such as NMVTIS, S2S, and CSTIMS, and thanking the Financial Sustainability Steering Committee for wrapping up their work that resulted in reduced fees for members. The Board also received briefings from CCMTA, IRP, the Industry Advisory Board and three US government agencies. Embedded in the Board's work last week were discussions about the future, underscored by AAMVA's extensive work on **Automated Vehicle** model state guidelines and the proof of concept underway using AAMVA's **Mobile Driver's License** functional needs whitepaper. Members interested in finding out more about these initiatives can **visit AAMVA's website**.

Non-Commercial Model Driver Testing System (NMDTS)

Now Available

AAMVA's Non-Commercial Model Driver Testing System (NMDTS) is now available! This new resource contains two components: the **AAMVA Model Driver's License Manual** and the **AAMVA Model Mentor Guide**. AAMVA's Model Driver's License Manual is a template to assist jurisdictions as they prepare and publish their own manuals. The information is updated to reflect current laws and necessary information drivers need to understand driving rules and pass their licensing test. AAMVA's Model Mentor Guide offers tips and support to parents and other individuals assisting new drivers in learning and practicing their skills. It offers general guidelines on planning and conducting behind-the-wheel driving experiences with new drivers, as well as the basics of using and driving a vehicle. Visit AAMVA's **Best Practices** page for more information, and to download other best practices and model legislation.

Nichole,

Some time ago, our CEO (Anne Ferro) sent an email to Alaska asking for two things related to S2S:

1. Nomination of a representative to the State-to-State Governance Committee.
2. Completion of the S2S User Agreement that will apply from 3/1/2017. (The current Agreement technically will not apply as of that date.)

I believe the email went to Marla Thompson, and that you may have received a copy.

Would you perhaps happen to know where Alaska is on either of these topics? We have not heard anything, and I am trying to track down where things may stand at this time.

Thanks,

Loffie

Hello R-III and R-IV Administrators,

Happy Monday! I hope you had a great weekend. I wanted to give you a heads up about a notice that will be included in this afternoon's The Week in Review.

I'm retiring!!!!

My last day will be May 31. Ian is currently working to develop a recruitment and replacement plan, so stay tuned.

Craig and I plan to travel and see the world. We have several trips already scheduled and can't wait to check out a Groupon trip (Thailand we hope) or two. We have plenty of hobbies and interests to keep us busy in between.

I've thoroughly enjoyed the 15 years I've spent working for AAMVA and its members and very much appreciate the work done by this community. I will miss the great folks I've had the pleasure of working with on a daily basis, and the many friends made throughout the years.

Thanks much and have a great day!!

Sheila

Subject: Alaska's, Wyoming's and DC's high level timeline for the go-live weekend

Hello,

We really appreciate your support with testing on Alaska's go-live weekend. Thank you.

Below is Alaska's high level timeline for the go-live weekend (January 28 and 29, 2017) and the list of Alaska's and AAMVA's contacts.

The plan is to have the system ready for testing with Wyoming and DC sometime between 11:00 AM to 3:00 PM EST on Sunday January 29, 2017. 1.5 hours have been allocated for testing with each state. Sruti from our QA team will coordinate the testing process.

Note: All times are EST

Begin/End Time	AAMVA	Alaska
Saturday: 8:00 PM – 8:30 PM (Load Prep)	Bring down Central Site. Take backup of the system and restore it in Inquiry-only mode around 8:30 PM.	Send Bulk add/update files. Both add and update files can be sent earlier than 8PM. Please note that the CDLIS update file can be extracted earlier than 8 PM but if another State performs a CSOR on an Alaska record then this record will show up on the error report. If this is not a concern then the file can be sent earlier than 8 PM.
Saturday 9:00 PM – Sunday 12:45PM (Bulk Load)	Process the update CDLIS file and then the add non-CDLIS file. Generate output report files and place in SFTP folder.	Please have the contacts on standby in case AAMVA has any questions.
Sunday 11:00 AM – 3:00 PM (Start Test)	Have the system ready for volunteer states (Wyoming and DC) to test sometime between 11:00 AM – 3:00 PM. Note: This time is flexible. It will depend on our progress on that day.	Be prepared to begin testing as S2S state with volunteer states (Wyoming and DC) sometime between 11:00 AM – 3:00 PM. Retrieve output report files from SFTP folder.
Sunday by 3:00 PM (Finish Test)	Assist the volunteer states with testing	Testing with each state has been allocated approximately 1.5 hours. Note: AAMVA will delete all test data after testing.
Sunday TBD (Go Live)	Execute post load steps and open system to all.	Run operations as the S2S Jurisdiction!

Meeting Schedule/Agenda:

- a. S2S Implementations.....05 mins
 - ~~Idaho – August 21st~~
 - ~~South Dakota – October 2nd~~
 - ~~Nebraska – October 16th~~
 - ~~Wyoming – November 20th~~
 - ~~Virginia – December 4th~~
 - ~~Delaware – December 18th~~
 - Alaska – January 29th (13th state to join S2S)
 - Arizona – February 26th
 - Mississippi - June

- b. NRII – MEC Verification Inquiry Documents.....05 mins
 - Sent to FMCSA on 01/04
 - Approval target date 01/25
 - Webinars rescheduled-
 - ~~January 12th~~
 - ~~January 25th~~
 - February 9th
 - February TBD

- a. Change Proposal 386 - Add new value 'Grandfathered from State Requirements' to the Medical Certificate Restriction Code (DMCRES).....02 mins
 - Approved
- b. NRII – MEC Transmission Documents.....05 mins
 - Target dates -
 - January 24th – Review SDLA (AMIE) Specification
 - February 7th (PRC repurposed) – Review NR Specification
 - February 14th – Review SPM Updates, Checkpoint
 - CDLIS Working Group review and approval of documents 02/14-02/21
- c. CDLIS Working Group SharePoint Site.....25 mins
 - Demo changes
- d. Medical Variance Validation Issue.....25 mins
 - Present
- e. Summary.....10 mins

Notes, Decisions, Issues:

1. S2S implementations.

- a. Delaware went live on December 18.
- b. Alaska is scheduled for January 29th (13th state to join S2S)
- c. Mississippi originally had an implementation date in February and it has been moved to June.

- 2. **NRII – MEC Verification Inquiry Documents.** These documents were sent to FMCSA on 01/04 and we are looking for their approval on 1/25. Webinars (January 12 and 25) have been rescheduled to February 9 and TBD.

A working group member asked who the webinars should be targeted for, business personnel or technical personnel. AAMVA indicated that it was structured to suit business and technical personnel.

- 3. **Change Proposal 386 – Add new value “Grandfathered from State Requirements” to the Medical Certificate Restriction Code (DMCRES).** This change was approved by this group.

4. NRII – MEC Transmission Documents.

Target dates -

- January 24th – Review SDLA (AMIE) Specification
- February 7th (PRC repurposed) – Review NR Specification
- February 14th – Review SPM Updates, Checkpoint
- CDLIS Working Group review and approval of documents 02/14-02/21

5. **CDLIS Working Group SharePoint Site.** A demo was provided by AAMVA of this new site.

- Click on the meeting date and you will be able to see the documents for that meeting to include the agenda, notes, and recording.
- Contacts are available.
- A Working Group member asked how he would be able to make contact changes (deletes, adds, etc.) AAMVA asked that updates be sent to Mindy and she would update the contacts.
- Calendar is also available. This calendar would be kept up to date by AAMVA.
- Change proposals that were implemented are listed. Supporting documents are also stored.
- Change approvals that have been approved that are available for the next release are also identified.
- Voting will be available from this site. Moving forward all the folks that are primary and secondary contacts will receive meeting invites and they will receive surveys that could be used to vote on, for example, change proposals. Voting in the future would be done using the SharePoint link. A working group member asked if comments could be provided with the voting. AAMVA believed that the survey can be developed to suit our needs. We will try this out and if it doesn't work we will go back to voting via email. A working group member suggested that we always have a comment line.

6. **Medical Variance Validation Issue**

The attached PowerPoint provides the problem (page 7) and two possible solutions (page 9 and page 10). Page 9 changes the validation while page 10 removes the validation.

Discussions were held related to the fact that validations overall might be excessive and put a huge burden on the states. AAMVA said that sometime after NRII implementation, we may be able to review all of the CDN1 validations. Other discussions involved keeping variance information even though the medical certificate was expired.

Members will review the documentation and discussion will be held again for this topic.

Action Items:

<i>Action Item</i>	<i>Assigned To</i>	<i>Status</i>
---------------------------	---------------------------	----------------------

2	AAMVA will ensure that the January 24 th meeting is set up on the SharePoint calendar and check that Erin has received the meeting notice.	Mindy/AAMVA	Completed
4	Members review the problem and solution for Medical Variance Validation and provide feedback.	Members	In Progress

Subject: Alaska's, Wyoming's and DC's high level timeline for the go-live weekend

Hello,

We really appreciate your support with testing on Alaska's go-live weekend. Thank you.

Below is Alaska's high level timeline for the go-live weekend (January 28 and 29, 2017) and the list of Alaska's and AAMVA's contacts.

The plan is to have the system ready for testing with Wyoming and DC sometime between 11:00 AM to 3:00 PM EST on Sunday January 29, 2017. 1.5 hours have been allocated for testing with each state. Sruti from our QA team will coordinate the testing process.

Note: All times are EST

Begin/End Time	AAMVA	Alaska
----------------	-------	--------

Saturday: 8:00 PM – 8:30 PM (Load Prep)	Bring down Central Site. Take backup of the system and restore it in Inquiry-only mode around 8:30 PM.	Send Bulk add/update files. Both add and update files can be sent earlier than 8PM. Please note that the CDLIS update file can be extracted earlier than 8 PM but if another State performs a CSOR on an Alaska record then this record will show up on the error report. If this is not a concern then the file can be sent earlier than 8 PM.
Saturday 9:00 PM – Sunday 12:45PM (Bulk Load)	Process the update CDLIS file and then the add non-CDLIS file. Generate output report files and place in SFTP folder.	Please have the contacts on standby in case AAMVA has any questions.
Sunday 11:00 AM – 3:00 PM (Start Test)	Have the system ready for volunteer states (Wyoming and DC) to test sometime between 11:00 AM – 3:00 PM. Note: This time is flexible. It will depend on our progress on that day.	Be prepared to begin testing as S2S state with volunteer states (Wyoming and DC) sometime between 11:00 AM – 3:00 PM. Retrieve output report files from SFTP folder.
Sunday by 3:00 PM (Finish Test)	Assist the volunteer states with testing	Testing with each state has been allocated approximately 1.5 hours. Note: AAMVA will delete all test data after testing.
Sunday TBD (Go Live)	Execute post load steps and open system to all.	Run operations as the S2S Jurisdiction!

Subject: Alaska's, Wyoming's and DC's high level timeline for the go-live weekend

Hello,

We really appreciate your support with testing on Alaska's go-live weekend. Thank you.

Below is Alaska's high level timeline for the go-live weekend (January 28 and 29, 2017) and the list of Alaska's and AAMVA's contacts.

The plan is to have the system ready for testing with Wyoming and DC sometime between 11:00 AM to 3:00 PM EST on Sunday January 29, 2017. 1.5 hours have been allocated for testing with each state. Sruti from our QA team will coordinate the testing process.

Note: All times are EST

Begin/End Time	AAMVA	Alaska
Saturday: 8:00 PM – 8:30 PM (Load Prep)	Bring down Central Site. Take backup of the system and restore it in Inquiry-only mode around 8:30 PM.	Send Bulk add/update files. Both add and update files can be sent earlier than 8PM. Please note that the CDLIS update file can be extracted earlier than 8 PM but if another State performs a CSOR on an Alaska record then this record will show up on the error report. If this is not a concern then the file can be sent earlier than 8 PM.
Saturday 9:00 PM – Sunday 12:45PM (Bulk Load)	Process the update CDLIS file and then the add non-CDLIS file. Generate output report files and place in SFTP folder.	Please have the contacts on standby in case AAMVA has any questions.
Sunday 11:00 AM – 3:00 PM (Start Test)	Have the system ready for volunteer states (Wyoming and DC) to test sometime between 11:00 AM – 3:00 PM. Note: This time is flexible. It will depend on our progress on that day.	Be prepared to begin testing as S2S state with volunteer states (Wyoming and DC) sometime between 11:00 AM – 3:00 PM. Retrieve output report files from SFTP folder.

Sunday by 3:00 PM (Finish Test)	Assist the volunteer states with testing	Testing with each state has been allocated approximately 1.5 hours. Note: AAMVA will delete all test data after testing.
Sunday TBD (Go Live)	Execute post load steps and open system to all.	Run operations as the S2S Jurisdiction!

Nichole,

Some time ago, our CEO (Anne Ferro) sent an email to Alaska asking for two things related to S2S:

1. Nomination of a representative to the State-to-State Governance Committee.
2. Completion of the S2S User Agreement that will apply from 3/1/2017. (The current Agreement technically will not apply as of that date.)

I believe the email went to Marla Thompson, and that you may have received a copy.

Would you perhaps happen to know where Alaska is on either of these topics? We have not heard anything, and I am trying to track down where things may stand at this time.

Thanks,

Hello,

FYI on **Record 3**. In order to have the non-CDLIS DL on WY's database, I needed to issue the DL and as a result a non-CDLIS pointer was created at the CS. Both AK and WY would have received a NA message. I deleted the WY pointer at the CS (WY received a NE message) and the DL is now currently valid only on WY's database.

STDLN is **WY123258618**.

RE: Alaska SPEXS Structured Test

Dear Ms. Thompson:

AAMVA is pleased to inform you that Alaska has successfully completed Structured Testing for SPEXS (State Pointer Exchange Services).

AAMVA understands that Alaska will be promoting this code into the SPEXS production region on January 28, 2017.

This certification is being presented with the understanding that all structured testing was conducted using the application code, jobs and processes as they will operate once deployed in production.

Please contact Abhi Kapil – Senior Director, Quality Assurance and External Technical Support at 703-908-5782, akapil@aamva.org if you have any questions.

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org **no later than Thursday, February 9, 2017**, as class sizes are limited. How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

NMVTIS State Web Interface (SWI) – How to Correct Title and Brand Data on the Central Site

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here](#).

Kelly Confirmed as Secretary of DHS

General John F. Kelly has been confirmed as the next secretary at the Department of Homeland Security by the United States Senate. The Senate voted 88-11 to confirm the Iraq War veteran who has been considered one of President Trump's picks to not generate serious objections in the Senate. Kelly is the first former military officer to lead the Department of Homeland Security, which includes 22 agencies responsible for activities ranging from immigration, customs and border protection, cybersecurity and disaster response.

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. [How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

CDL Train the Trainer Class

The Commercial Driver License (CDL) Train-the-Trainer Class has been scheduled for Monday, May 15, 2017 through Friday, May 19, 2017 in St. Petersburg, Florida. The session is 40 hours in length and the class size is limited to twelve people. ***Nominees must have a thorough knowledge of the CDL program, current experience conducting the CDL Skills Tests; as well as experience training State Examiners or Third Party Examiners on CDL test administration. Due to class size limitations, priority will be given to nominees from jurisdictions who implemented the test system on/after July 8, 2015.***

The class is designed to be a hands-on training class for lead examiners, or trainers, who conduct examiner and refresher training in their jurisdiction as required. The training class will utilize the curriculum as published in the Certified Commercial Examiner (CCE) Instructor Manual developed by the AAMVA International Driver Licensing Examiner Certification Executive Board. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA.

It is important to note that this curriculum meets all of the Examiner training and certification requirements as defined in 49 CFR §384.228 – Examiner Training and Record Checks. Accordingly, all jurisdictions are encouraged to utilize these training materials regardless of their participation in the IDEC CCE Program. All of the training materials and videos are provided to our jurisdictional members free of charge.

Please complete the [Nominee Form](#) for each individual being nominated and email them to kmorton@aamva.org no later than **Thursday, February 9, 2017**, as class sizes are limited. After the nominations are reviewed, detailed information will be sent to those persons selected to attend. If you have questions or need additional information, please email kmorton@aamva.org.

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

This Week's Webinars

[How to Fill Out and Send the NMVTIS Change Request Data Form to AAMVA Help Desk](#)

Tuesday, January 24, 2017, 1:00 - 2:00 pm (ET)

This webinar will focus on how to accurately fill out and send the NMVTIS change request data form to AAMVA Help Desk. The webinar includes: When to use the change request data form, Instructions on how to fill out the change request data form, How to send the form to AAMVA Help Desk, How to send corrections to the form to AAMVA Help Desk when needed, and Understand how to request different types of changes to the NMVTIS data using change request data form.

[NMVTIS State Web Interface \(SWI\) – How to Correct Title and Brand Data on the Central Site](#)

Tuesday, January 24, 2017, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

JURISDICTION NEWS

Governor Wolf, Bipartisan Leaders Announce Pennsylvania REAL ID Extension

Pennsylvania has been granted an extension until June 5, 2017 from the Department of Homeland Security (DHS) to fix state law to allow for federal REAL ID compliance after Governor Tom Wolf and bipartisan leaders including Senators Scarnati, Corman, and Costa, and Representatives Turzai, Reed, and Dermody, wrote to DHS Secretary Jeh Johnson earlier this month. The extension will allow the Wolf administration, including the Pa. Department of Transportation (PennDOT), to work with the General Assembly to resolve Pennsylvania's non-compliance during the current legislative session. DHS told state leaders that additional extensions may be granted, as necessary, once the commonwealth can commit to meeting all REAL ID requirements. [Read more here.](#)

Action Items:

<i>Action Item</i>	<i>Assigned To</i>	<i>Status</i>
1. Follow up with the AAMVA Development Team as to whether 7 seconds is enough time for message processing to account for added PDPS overhead.	Mindy	Complete
2. Talk to Robyn about whether she would recruit State's assistance in identifying what involvement the States would have in resolving / correcting MEC data – based upon specific scenarios. This would be in the spirit of collaboration and providing State insight. (JoLynn was volunteered as a potential collaborator.)	Mindy	Complete

Next Meeting: Tuesday February 07th 2017

NR02.1 TRANSMIT MEDICAL EXAMINER CERTIFICATE (NATIONAL REGISTRY)

NR02.1 Transmission of Medical Examiner Certificate Transmission Information Message

The Transmit Medical Examiner Certificate message is sent from the National Registry system to the Central site. It consists of business and technical elements.

Note: The following business data is contained on the Medical Examiner Certificate Transmission (MEC) Information (HU) Message. Population rules and cardinality are based on the implementation release of the National Registry (NR) system. The Implementation Release is the concatenation of the Major Release Code (GMSIR1) and Minor Release Code (GMSIR2) (with a period between the two values) for the participant identified in the table header. This applies to all tables in this transaction, where the Implementation Release is shown.

NR02.2 VALIDATE TRANSMIT MEDICAL EXAMINER'S CERTIFICATE MESSAGE (CENTRAL SITE)

NR02.2.2 Validation of Transmit Medical Examiner Certificate Transmission Message

Upon receipt of a Transmit Medical Examiners Certificate message from the NR, the Central Site initiates validation processing. The Central Site performs the following validation process when receiving a Medical Examiner Certificate Transmission message:

Validations are performed by validation category (Required Data Validations, Content Validations, etc.).

If one or more errors are detected in a given category, Central Site stops processing and returns the original message to the sender with error blocks appended.

See **NR02.2.1 Error Processing Diagram** (on page 5).

Good morning, everyone,

Today when we tested with Wyoming, our test database kept crashing. It has now crashed completely and our DBA's haven't been able to resurrect it. It is possible that it might be back by tomorrow morning, but in my opinion that is unlikely. Can we reschedule this for Wednesday or Thursday, please? I can be available any time on either of those days.

I'm sorry for the delay and late notice!!

RE: Alaska SPEXS Structured Test

Dear Ms. Thompson:

AAMVA is pleased to inform you that Alaska has successfully completed Structured Testing for SPEXS (State Pointer Exchange Services).

AAMVA understands that Alaska will be promoting this code into the SPEXS production region on January 28, 2017.

This certification is being presented with the understanding that all structured testing was conducted using the application code, jobs and processes as they will operate once deployed in production.

Please contact Abhi Kapil – Senior Director, Quality Assurance and External Technical Support at 703-908-5782, akapil@aamva.org if you have any questions.

Update Your Fraud Training Today

Fraud Detection and Remediation (FDR) e-Learning 2017 available now

The updated courseware package (January 2017 version) is now available to member jurisdictions. The 2017 Annual Update features a number of important enhancements and new information. Please visit the [FDR Training page](#) on AAMVA's Web site to review program details and access the download page. (You will need to use your AAMVA User ID and Password to access the material.)

Please note: Individual students should not attempt to retrieve the courseware from the AAMVA website. Instead, downloads are designed so that single training contacts can access the courseware on behalf of their agencies and then deploy the training throughout their organizations.

AAMVA's Fraud Detection & Remediation (FDR) Program

Now also available for associate members and non-members to purchase

AAMVA's FDR program is the industry's premier fraud training used by DMV's, Law Enforcement, Federal agencies, and corporations worldwide, and is now available for our associate members and non-members to purchase! With training modules that develop skills in the authentication of more than 12 document categories, People & Actions, and more. FDR is the most comprehensive anti-fraud toolbox available. The training is critical to anyone handling secure documents or sensitive transactions, and is accessed on-line. Jurisdictions that receive external requests for fraud training can now easily refer inquiries straight to the AAMVA website. For more information, visit AAMVA's Web site at www.aamva.org/fdr-training/.

PDPS Participants:

The National Driver Register will conduct a Cleanfile on March 19, 2017

Cleanfile is an optional process. It is a means for jurisdictions to refresh the pointers it has on PDPS. NDR replaces all pointers on the PDPS file with the Cleanfile set of pointers sent by the jurisdiction. In order for a pointer to be included in the Cleanfile, the associated record in the jurisdiction must contain a conviction or withdrawal specified in 23 CFR Part 1327 section 1327.5 (a) or in Appendix A to that rule.

To participate in this Cleanfile, please email NDR by March 8, 2017, and plan to send your file to NDR no later than March 15, 2017.

Cleanfiles must be submitted via Secure FTP or FTP. Please schedule a test of SFTP/FTP connectivity with NDR before attempting to send the full Cleanfile.

If you plan to participate in this Cleanfile or if you have any questions please contact the NDR Office by sending an e-mail to NDR_Operations@dot.gov.

Mina,

Good Morning. Sorry for the delay in responding.

Thanks for reminding me of the Site Table Configuration. I looked into the Site Table configuration for AK. The CDLIS System Code 02 was not used, and I believe that was the issue. However, I have corrected the values for AK. Please see the 1st and 2nd snap shots below, before changes and after changes to DC Site Table configuration for AK.

Also, I reprocessed one of the SC message from CDLIS Central Site (IM initiated by AK yesterday) and DC is now able to respond with a HC response. Please see the 3rd and 4th snap shots below.

You should also send IM and SG messages before our dry run scheduled for this afternoon. I am available here to respond to your questions. Thank you.

Hi Narendra,

Our database has been up and down, so I didn't see the SG error returned to us earlier. However, I see you got the SC, so you should still have sent us the HC.

I just tried again and still no HC. I tried again just sending the SG with just the license number, and it keeps coming back, but with no error attached. Is it possible that AK needs to be added to your site table?

Mina,

You are welcome. DC has received an IM (SC from CDLIS Central Site) and SG request from AK. However, DC has not generated any responses and rejected the SG request with NCB error.

I am not seeing any errors in our programs log.

Hello,

We really appreciate your support with testing on Alaska's go-live weekend. Thank you.

Below is Alaska's high level timeline for the go-live weekend (January 28 and 29, 2017) and the list of Alaska's and AAMVA's contacts.

The plan is to have the system ready for testing with Wyoming and DC sometime between 11:00 AM to 3:00 PM EST on Sunday January 29, 2017. 1.5 hours have been allocated for testing with each state. Sruti from our QA team will coordinate the testing process.

Note: All times are EST

Begin/End Time	AAMVA	Alaska
----------------	-------	--------

Saturday: 8:00 PM – 8:30 PM (Load Prep)	<p>Bring down Central Site.</p> <p>Take backup of the system and restore it in Inquiry-only mode around 8:30 PM.</p>	<p>Send Bulk add/update files.</p> <p>Both add and update files can be sent earlier than 8PM. Please note that the CDLIS update file can be extracted earlier than 8 PM but if another State performs a CSOR on an Alaska record then this record will show up on the error report. If this is not a concern then the file can be sent earlier than 8 PM.</p>
Saturday 9:00 PM – Sunday 12:45PM (Bulk Load)	<p>Process the update CDLIS file and then the add non-CDLIS file.</p> <p>Generate output report files and place in SFTP folder.</p>	<p>Please have the contacts on standby in case AAMVA has any questions.</p>
Sunday 11:00 AM – 3:00 PM (Start Test)	<p>Have the system ready for volunteer states (Wyoming and DC) to test sometime between 11:00 AM – 3:00 PM.</p> <p>Note: This time is flexible. It will depend on our progress on that day.</p>	<p>Be prepared to begin testing as S2S state with volunteer states (Wyoming and DC) sometime between 11:00 AM – 3:00 PM.</p> <p>Retrieve output report files from SFTP folder.</p>
Sunday by 3:00 PM (Finish Test)	<p>Assist the volunteer states with testing</p>	<p>Testing with each state has been allocated approximately 1.5 hours.</p> <p>Note: AAMVA will delete all test data after testing.</p>

Mina,

You are welcome. DC has received an IM (SC from CDLIS Central Site) and SG request from AK. However, DC has not generated any responses and rejected the SG request with NCB error.

I am not seeing any errors in our programs log.

Below are snap shots from DC UNI Log.

Thank you, Narendra,

I found the pointer, but am not receiving any responses from DC – either from an IM or SG. Are you receiving my queries?

Subject: Alaska's, Wyoming's and DC's high level timeline for the go-live weekend

Hello,

We really appreciate your support with testing on Alaska's go-live weekend. Thank you.

Below is Alaska's high level timeline for the go-live weekend (January 28 and 29, 2017) and the list of Alaska's and AAMVA's contacts.

The plan is to have the system ready for testing with Wyoming and DC sometime between 11:00 AM to 3:00 PM EST on Sunday January 29, 2017. 1.5 hours have been allocated for testing with each state. Sruti from our QA team will coordinate the testing process.

Note: All times are EST

Begin/End Time	AAMVA	Alaska
Saturday: 8:00 PM – 8:30 PM (Load Prep)	Bring down Central Site. Take backup of the system and restore it in Inquiry-only mode around 8:30 PM.	Send Bulk add/update files. Both add and update files can be sent earlier than 8PM. Please note that the CDLIS update file can be extracted earlier than 8 PM but if another State performs a CSOR on an Alaska record then this record will show up on the error report. If this is not a concern then the file can be sent earlier than 8 PM.
Saturday 9:00 PM – Sunday 12:45PM (Bulk Load)	Process the update CDLIS file and then the add non-CDLIS file. Generate output report files and place in SFTP folder.	Please have the contacts on standby in case AAMVA has any questions.
Sunday 11:00 AM – 3:00 PM (Start Test)	Have the system ready for volunteer states (Wyoming and DC) to test sometime between 11:00 AM – 3:00 PM.	Be prepared to begin testing as S2S state with volunteer states (Wyoming and DC) sometime between 11:00 AM – 3:00 PM. Retrieve output report files from SFTP folder.

	Note: This time is flexible. It will depend on our progress on that day.	
Sunday by 3:00 PM (Finish Test)	Assist the volunteer states with testing	Testing with each state has been allocated approximately 1.5 hours. Note: AAMVA will delete all test data after testing.
Sunday TBD (Go Live)	Execute post load steps and open system to all.	Run operations as the S2S Jurisdiction!

 2017-01-24 Usage of S2S by US Territories - Feedback from WG.pptx

Good afternoon,

Attached please find the minutes from yesterday's Working Group call along with a draft agenda for our next call. Please note that our next call is scheduled for **Tuesday, February 7th, beginning at 2:30pm eastern**, instead of the normal 2pm start-time.

Also attached is the slide deck on US Territory Participation that Ashish presented during yesterday's call. As always, all materials can also be found on the S2S Dashboard.

Thanks to everyone that provided feedback on the Best Practices Document and Evaluation Report. Your contributions towards these two Working Group deliverables have been much appreciated. Both deliverables will be sent to the Executive Committee later this week for their review and approval.

As the Pilot Working Group activities and responsibilities wind down, we would ask you to focus on three remaining tasks, listed in order of priority below.

Priority	WG Task	Due Date
1	Please consider WG Continuity as the Pilot WG disbands, and the Post-Pilot WG and Governance Committee gear up. Consider any topics that you and/or your team think should be carried forward for discussion post-pilot. Your topics will be documented for turnover and post-pilot action.	February
2	Support for US Territories within S2S; If you haven't weighed in on this topic, please provide your comments to ncarlson@clerussolutions.com.	February
3	White Paper on Deletion of S2S Pointers; If you haven't weighed in on this topic, please provide your comments to ncarlson@clerussolutions.com.	February

Thanks to all for your ongoing efforts!

AGENDA

1. Call to Order
The meeting was called to order by Steve Leak.
2. Approval of minutes from 01/10/2017 WG Call.
The minutes from the 01/10/2017 WG call were approved without revision..
3. Post-Pilot Recruitment of Additional Participants
Tom Osterbind updated the WG on the recruitment materials and associated process that have been discussed and in the works. The Executive Committee had met yesterday and determined that, rather than send the materials out to all state administrators now, we should hold off and make this one of the first agenda items for the newly formed S2S Governance Committee, this to avoid confusion. The Committee will be targeting a March time-frame for kicking off. Tom did mention that if anyone was interested in getting a copy of the materials, they should let him or myself know and we can get you a copy.
4. Transition Plans (Pilot to Post-Pilot)
Philippe Guiot shared that AAMVA has received nominations from most pilot states for S2S Governance Committee participation. They are still missing nominations from two states. AAMVA will be sending a doodle request out shortly to schedule the committee's kick-off meeting. Philippe also shared that AAMVA is actively looking to

hire someone full time to support the S2S Governance Committee activities. If anyone knows of someone that would be interested in the position, they should contact AAMVA. Philippe also mentioned that there are only five weeks left before the S2S Pilot comes to an end, and AAMVA will need to have fully executed Post-Pilot User Agreements for all production states by that time. Hal Gollos is heading up the contract piece for AAMVA and will be reaching out to states regarding the agreements.

Pam Dsa shared that AAMVA anticipates the S2S Governance Committee approving an approach whereby a separate S2S WG be created to discuss more detailed aspects of S2S vs. the broader topics that the S2S Governance Committee will be addressing over time. She shared that all state participants from the S2S Pilot WG will be receiving an invitation to participate in the post-pilot WG, although she also shared that AAMVA doesn't see the group being as large as the pilot group, and not requiring all S2S states to participate. It will likely involve member rotation similar to the existing CDLIS WG.

5. WG Continuity and Continuous Improvement

Nancy Carlson shared that S2S Pilot WG has completed two key responsibilities by providing feedback on the Pilot Evaluation Report and Best Practices Document. Both deliverables will be forwarded to the Executive Committee for their review and approval.

The one remaining WG task involves identifying and documenting any recommendations that it's members might have for consideration by the post-pilot S2S WG once it is created. Suggested topics to carry forward are included below, but are not meant to be a comprehensive list. States are asked to think about specific topics or areas of concern that should be included in the list for post-pilot discussion.

Two WG calls remain before the pilot is over, 2/7 and 2/21st. The 2/7 will start at 2:30pm eastern instead of the normal 2pm start time due to a conflict with the FMCSA CDL Roundtable.

6. Suggested Topics to Carry Forward

The following topics were included in the agenda as a starting point.

- a) Eligibility inconsistencies between PDPS and S2S Status Responses
- b) US Territory Participation in S2S
- c) White Paper on Deletion of Pointers
- d) Citizen Request for Information

States discussed additional concerns/topics as follows;

- a) Cautions and/or guidelines for automated processing of potential duplicate resolution

Andy Frey shared that some of the go-live files are old enough now that new information might be needed to help states make decisions about pulling pointers.

Jamie Nelson shared that MD will take any occurrences involving more than two pointers and kick them over to a manual process.

- b) Consistent Response for Status, Status History Requests, involving DLs and IDs

Cindy Francke shared that Idaho has had issues when a person has been issued both a DL and an ID. States don't necessarily see both related issue dates, which leads to the wrong pointer potentially being pulled and then having to be pulled back.

Ashish shared that, for go-live events, a separate row would be provided for each credential.

It was noted that automated processing might not be taking the DL and ID situation into account properly.

Andy shared that if Iowa comes across the same DL more than once, the occurrences are taken out of the automated process and worked manually.

Deb Granger shared that pointers are sometimes being pulled inappropriately because one of the credentials has expired, but this isn't taken into account.

- c) Mina Peters suggested that the Post-Pilot WG might want to discuss more precise standardization of the bulk load process, specifically whether or not to load credentials that have expired.

Mina shared that Alaska was originally planning to load credentials if they had expired within one year, but later decided it would only load credentials that have not yet expired.

- d) Post-pilot WG to focus more detailed discussions around production anomalies and issues.

As an example of the need, Deb Granger shared that Wyoming has been having issues with receiving H7 messages that don't contain content. This prevents them from being able to complete CSOR transactions successfully. The immediate solution has been to manually delete the H7 messages, but begs the bigger question of whether or not the H7 messages should contain information for WY consideration that's currently being missed because of potential state-side glitches. Deb shared that this had been seen with ND in particular, first with non-CDLIS records only, but now with a CDLIS record as well.

WY and ND should work with each other to resolve the issue and engage AAMVA as needed.

Jane Schrank shared that SD would like to see more attention be paid to the sharing of production perspectives as they relate to technical issues state-side.

Action Item: States are asked to consider production issues that they've encountered since their go-lives, and share them with the WG for potential consideration for post-pilot discussions.

7. US Territory Participation in S2S

Ashish Regmi shared a slide presentation showing additional feedback that AAMVA has received from WG participants over the last several weeks related to this topic. Overall concerns expressed by states include the following:

	<ul style="list-style-type: none">a) Concerns over making exceptions for US Territoriesb) State-side implementation and procedural changes that would be necessary to handle these exceptions would not be trivial c) Concerns over potential masking of driving historyd) May cause delay in additional States joining S2Se) Concerns over reciprocity, or lack thereoff) States should not be required to maintain/hold pointers for which they know the customer has been issued a credential in another state/territory <p>8. Good luck to Alaska this weekend with your upcoming go-live!</p> <p>9. Next Steps / Action Items Are noted throughout specification.</p> <p>10. Adjourn Meeting The meeting was adjourned by Steve Leak.</p>

American Association of
Motor Vehicle Administrators

Usage of S2S by US Territories

January 24, 2017

Safe Drivers · Safe Vehicles · Secure Identities · Saving Lives

Agenda

- Overview
- Feedback
- Further Discussion

Overview

- US Territories are pursuing REAL ID compliance.
- As S2S can be a part of the participant's REAL ID compliance program, US Territories are interested in participating in S2S.
- Scenario involving a CDL driver moving to a US Territory was reviewed by the S2S WG.
- This presentation is to review feedback from S2S WG regarding this topic.

Feedback

- Concerns over making exceptions for US Territories.
- State side implementation and procedural changes to handle these exceptions will not be simple.
- Concerns over potential masking of driving history.
- May cause delay in newer States joining S2S.
- Concerns over reciprocity.
- State should not be required to hold the pointer of a driver that is known to have been issued a credential somewhere else.

Further Discussion

- Research usage of Notice of Issuance by US Territories utilize alerting US Jurisdiction.
- Participation level similar to that of Canadian Provinces and Mexico.
- Engage DHS and FMCSA to work out the logistics of allowing US Territories to hold pointer with CDLIS
Pointer Indicator set to 'Y' without actually issuing CDL's or being an engaged partner in CDLIS.

Hello AK and WY teams,

We are scheduled to begin the Testing on Sunday at 11:00 AM ET. However, in case we are running earlier or later than the scheduled time, I or someone on the AAMVA team will give you a call and try and provide at least ½ hr to 45 min heads up so that you can prepare accordingly.

I have attached the updated Test plan here that we will use for the Testing on Sunday.

Please feel free to let me know of any questions.

Please join my meeting from your computer, tablet or smartphone.
